

DISGRUNTLED SENATORS.

Knocking President While He is in the West.

Fuss Being Raised Over Mr. Grunsky's New Job.

Canal Commission to Hold an Early Meeting.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 6.—[Exclusive Dispatch.] When the President is enjoying himself in the West, there is a fuss brewing in Washington because he appointed C. E. Grunsky of California as consulting engineer in the Geological Survey at a salary of \$10,000 a year, the object being to have some one above some of the officials of the Geological Survey who are now in charge of affairs. Congress failed to pass the bill or make any appropriation for a place of the kind. Yet the President, they complain, creates the office, and some of them privately criticize him. They cannot understand his authority in making such an appointment, and his right to fix a salary of this kind. Congress, they say, has not made provision for an office of the sort to which Mr. Grunsky has been appointed. In fact, Congress failed to pass a bill to create an office of that kind.

Senator Hansbrough, it is stated, introduced a bill in Congress providing for a chief engineer of the Irrigation and Reclamation Service at \$10,000 a year, the object being to have some one above some of the officials of the Geological Survey who are now in charge of affairs. Congress failed to pass the bill or make any appropriation for a place of the kind. Yet the President, they complain, creates the office, and some of them privately criticize him. They cannot understand his authority in making such an appointment, and his right to fix a salary of this kind. Congress, they say, has not made provision for an office of the sort to which Mr. Grunsky has been appointed. In fact, Congress failed to pass a bill to create an office of that kind.

RAILROAD ACCIDENTS.
(BY THE ASSOCIATED PRESS—A.M.)
WASHINGTON, April 6.—A report of the railroad accidents in the United States during the months of October, November and December, 1904, has been compiled by the Interstate Commerce Commission. It shows that in that quarter 53 passengers and 189 employees were killed and 4,200 passengers and 1,886 employees injured, a total of 242 persons killed and 3,286 injured in train accidents. Other accidents to passengers and employees, not the result of collisions or derailments, brought the total number of casualties up to 14,978—561 killed and 14,027 injured. The report indicates a decrease of 178 killed and 824 injured, as compared with the preceding quarter. Of the total number of 53 passengers killed in train accidents, 29 were killed in one collision between a passenger train and a freight train. The total number of collisions and derailments in the quarter was 255, the financial damage aggregating \$2,601,801. The number of employees killed in coupling and uncoupling cars in the quarter was 11—12 more than in the preceding three months.

WASHINGTON BRIEFS.
Resisting Power of Warships.
WASHINGTON, April 6.—The result of the tests at Indian Head, proving grounds yesterday, the purpose of which was to determine the resisting power of warships to the different types of shells, was not very satisfactory to the officers of the navy and army who witnessed them.

To Save Lives on Ocean.
WASHINGTON, April 6.—The British Ambassador, Sir Mortimer Durand, called upon Acting Secretary of State Loomis today to urge a reciprocal arrangement between America and Great Britain respecting the equipment of ocean-going steam vessels with life-saving devices. The proposition will be referred to the Department of Commerce and Labor.

Irrigable Lands Withdrawn.
WASHINGTON, April 6.—The Secretary of the Interior has ordered the withdrawal from entry of 506,000 acres of land in the San Francisco and Sacramento valleys, on account of the Sacramento Valley Irrigation project.

TAPEWORM KILLS GERM.

Sure Cure for Consumption at Last Discovered, Says Consul Canada.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 6.—[Exclusive Dispatch.] "Tape-worm is the natural enemy of the germ of consumption, and the latter cannot exist when the former is present," says Consul Canada at Vera Cruz, Mex., in a report just received at the State Department. The Consul states that two eminent scientists have discovered that tapeworm prevents an organism from being infected with tuberculosis bacilli, and this was proven in the case of a consumptive who had tapeworm and completely recovered his health. To positively establish the efficacy of this remedy, the doctors injected a liquid prepared from tania into several consumptives, which resulted in a complete cure.

No Trouble to Show Goods.

The Times accepts no challenge to compare circulation with a dishonest and dodging newspaper which the Los Angeles Examiner notoriously is. It is unnecessary. It is known of all advertisers that The Times is in the lead of all local dailies. Its position is acknowledged near and far. Advertisers ask for no evidence on this point.

Large advertisers, however, for their own purposes, asked the Examiner to show them its actual lists of subscribers, and the Examiner refused to do so. The advertisers simply wished to know what they were getting for their money; but the Examiner declined to give them the facts. No comparison with The Times was requested of the Examiner, but merely a list of its subscribers. The Examiner dared not show the names. That is the reason why its advertising is falling off. Merchants will not buy a pig in a poke. That is why the Examiner is squealing.

The Times is ready to show its subscription lists, street by street, number by number, name by name, to all advertisers. That is one reason why The Times gets more advertising than any other newspaper. It guarantees double the genuine paid circulation of the Examiner, or of any local daily. It has the subscribers, and is willing to show who and where they are. The Examiner dare not do likewise. This is the truth.

ROCKEFELLER TURNS ON HIS DETRACTORS.

Pious Oil Magnate Resents Implication That He Made His Paltry Millions Dishonestly—Ministers Cautioned to be More Charitable.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, April 6.—S. C. T. Dodd, chief solicitor of the Standard Oil Company, gave out a statement today with reference to the recent discussion as to the acceptance of a gift of \$100,000 offered by John D. Rockefeller for missionary work. Mr. Dodd declared that the Standard Oil Company had no objection to Mr. Rockefeller's gift if based upon the allegation that he made his money dishonestly. This accusation is false, is vile, and, being made by ministers in the pretended interest of morality, is doubly false. The assertion should not be made unless it can be readily established by specification and proof. I have seen no proof and no attempt even at specification, except in the protest of Dr. Gladden. The Standard Oil Company, however, received the condemnation of law. The Standard welcomed the change as a beneficial one. But to say now that it should have obtained the rebates under the old system, which its position enabled it to gain, is an impossible counsel of perfection.

"The evidence before the Industrial Commission shows very clearly to any unprejudiced mind that since the month of October, November and December, 1904, has been compiled by the Interstate Commerce Commission. It shows that in that quarter 53 passengers and 189 employees were killed and 4,200 passengers and 1,886 employees injured, a total of 242 persons killed and 3,286 injured in train accidents. Other accidents to passengers and employees, not the result of collisions or derailments, brought the total number of casualties up to 14,978—561 killed and 14,027 injured. EDWARD AND LOUBET MEET.

Paris Extends Welcome to British Monarch.

Making It Easy for Kaiser to Take Notice.

Morocco Question is Thrown Into High Relief.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, April 6.—The French Ambassador, M. Jusserand, called on Secretary Taft today to make inquiries relative to the visit of the German Ambassador yesterday and the representation the latter made relative to Morocco. He was informed that Baron Speck von Sternberg's note had been forwarded to the President.

M. Jusserand assured Secretary Taft that the "open door" was the policy in Morocco now and there were no intentions on the part of the French government to alter that policy.

PARIS, April 6.—The arrival of King Edward in Paris today was the occasion for a notable manifestation of Anglo-French cordiality, which is being generally interpreted tonight as a conspicuous response to Germany's attitude regarding Morocco, although the King remained but a short time.

He was met outside the city by President Loubet, who held a private conversation with His Majesty lasting nearly an hour. The details of the conversation excite a wide range of speculation, but its actual purport has not been disclosed. However, a semi-official communication recites that the meeting had far less reserve than that between King Edward and President Loubet last year, and that it was marked by the freedom of the confidences exchanged.

Beyond this private conversation, King Edward confined himself to the usual public expressions of good will. He spoke at the station of the pleasant welcome to France always given him; but that was not the chief public utterance having significance upon pending political affairs. In this respect, the King's reserve is being compared with the freedom of Emperor William's recent utterances.

The passage of the King was unattended by any spectacular features, as it was the wish of the authorities to avoid a political demonstration. President Loubet joined the royal train at the station, and the King was surrounded by distinguished officials of both governments, the two rulers exchanged their first greetings. The King conducted President Loubet to his private car, where the conversation continued until the Lyons railway station. The presence of the Emperor and the King was held back by cordons of police, the absence of military display being noted.

During the half hour at the station King Edward continued to talk with President Loubet, and held an extended conference with the French Ambassador at Paris, Sir Francis Levison Bertie.

Edward left Paris at 7:10 for Marseilles, where he will join Queen Alexandra on board the royal yacht. The semi-official communication relative to the meeting of King Edward and President Loubet says: "It is natural to suppose the conversation between the two monarchs and the President led to an exchange of views upon all diplomatic questions of the day, but as neither has divulged the contents it is necessary to reserve with reserve the more or less ingenious diversions which will be placed in circulation. Judging, however, from external appearance, one cannot but mark that the meeting today was marked not only by less reserve than that of last year, but notably by greater freedom of the confidences exchanged."

ANGLO-FRENCH ALLIANCE?
(BY THE ASSOCIATED PRESS—A.M.)
LONDON, April 6.—King Edward started today to join Queen Alexandra at Marseilles, by way of Paris, where he will meet President Loubet. The monarchs' journey accompanied by the King's Minister in Attendance.

Not much attention is paid here to the suggestions from some quarters of the continent that the King's visit to France may be preliminary to an Anglo-French alliance. Nevertheless, following as it does on an active exchange of views between London and Paris, it is expected to help in smoothing away some of the international complications.

King Edward's trip to the Mediterranean was arranged some time ago, no steps were taken to secure a royal train for the monarch until after the Emperor's visit to Paris. The meeting, therefore, is accepted here as in some measure intended to emphasize Anglo-French solidarity and as an answer to the commentaries which represent the Tangier incident as Germany's retort to the Anglo-French agreement regarding Morocco.

In this connection, Earl Percy, Under Secretary for Foreign Affairs, informed questions in the House of Commons today that the Anglo-French agreement of April 8, 1904, was never officially communicated to Germany, nor had any communications to Germany subject passed between Great Britain and Germany except in reference to the Khedivial decree dealing with the Egyptian part of the agreement. The Sultan of Morocco, Earl Percy added, was not notified of the Anglo-French arrangement between Great Britain and Germany.

Asked if Germany's treaty with Morocco secured for her special commercial rights in dealing with her respective interests in Morocco, Earl Percy said the German-Moroccan treaty of 1890 was analogous to the Anglo-Moroccan agreement. Immediately upon a selection being made, the defense moved a dismissal of the case on several grounds. The decision was reached by the court today.

Minnesota Freight Memorial.
ST. PAUL, April 6.—A joint investigating committee of the Minnesota legislature submitted a report today, recommending a memorial to Congress asking that the Interstate Commerce Commission be given control over the long and short-haul clause regulating interstate commerce, which the report avers that Minnesota pays higher freight rates than Iowa and Illinois.

SPECIALS

For Today and Tomorrow

support in maintaining the open door and status quo.
The official of the British government informed the Associated Press today that France could continue the presence of the Emperor in Italy, and that the Emperor's visit to France is likely to develop a climax and bring the situation to a head.

KAISER APPOINTS MINISTER.
(BY THE ASSOCIATED PRESS—A.M.)
BERLIN, April 6.—The report of the appointment of Privy Councillor Dr. Rosen, who until recently was special envoy of Germany at the Court of King Menelik of Abyssinia, as German Minister to Morocco, in succession to the deceased Baron von Metzinger, has been confirmed by the Kaiser.

Dr. Rosen, who has deep scholarly knowledge of ancient and modern oriental languages, is reputed to know more of the present day oriental civilization than any other living German. He also personally sympathetic to Orientals, and his easy and complete acquaintance with the Arabic tongue and manners is expected to make him personally the most influential foreign diplomat in Morocco.

There is every indication that Germany designs to hold on tenaciously to her policy toward Morocco.
SLAYS ON BRITISH FRONTIER.
(BY THE ASSOCIATED PRESS—A.M.)
BOMBAY, April 6.—The Times of India authentically states that Russian troops have replaced those of the Amer of Bokhara at all posts on the Upper Oxus districts of Shignan and Boshan; that 4000 men have been detached from the Merv garrison as a permanent addition to the Kushk and Murgham River force, and that the deficiency at Merv has been replaced from Orenburg.

DINNER TO KAISER.
(BY THE ASSOCIATED PRESS—P.M.)
NAPLES, April 6.—A gala dinner was given at the royal palace tonight in honor of Emperor William. There were present Prince Aiguillet, Foreign

Minister Tittoni, Admiral Mirabello, Minister of Marine, and the suites of the two sovereigns.
King Victor Emmanuel, toasting the German Emperor, said, in Italian, that he recalled the presence in Italy of the Emperor's visit to Rome, and that on their arrival the Queen and he had been glad to meet and welcome them.

"These," said the King, "are reciprocal bonds of intimate affection, which for two allied peoples are pledges of peace and a prosperous future."
He ended with drinking to the Imperial family, which, he said, rejoiced in an approaching happy marriage and her august sovereign, King Victor Emmanuel, also to the noble German nation, the loyal ally of Italy.

Emperor William, answering in German, thanked the King for the reception given the Empress of Germany and Princes Etel and Oscar, and expressed the hope that the splendid day of Italy and the mild climate of Sicily would give them strength and health. He continued:

"The triple alliance is a sure and solid pledge of peace. Under its protection, our peoples, allied, naturally toward a future of constant peace, firmly trusting to the alliance and intimate friendship, and her august sovereign, King Victor Emmanuel, also to the noble German nation, the loyal ally of Italy."

Emperor William, answering in German, thanked the King for the reception given the Empress of Germany and Princes Etel and Oscar, and expressed the hope that the splendid day of Italy and the mild climate of Sicily would give them strength and health. He continued:

DO YOU SHAVE YOURSELF?
Then you're the fellow we want to talk to a minute. We can fix you out with every convenience to make shaving at home a luxury and pleasure. Best made razors (Star Safety, too)—strops, hones, brushes, soaps, violet with hazel, massage creams and every good face pomade or powder to keep your face as soft as a baby's—we make buying here economical, too.

Southern's Hair Restorative
Here's what it will do—cure dandruff and prevent the hair from falling out or turning gray; absolutely guaranteed to do it. Only 50c a Bottle.

GOOD TENNIS AT NORDHOFF.

SCHOOL PLAYERS SEEN TO GOOD ADVANTAGE.

Button, of Course, Has a Very Good Time of It—Over One Hundred Players Present from Fourteen Schools—Tourney Will Come to an End on Saturday.

(BY DIRECT WIRE TO THE TIMES.)
MONTANA, April 6.—[Exclusive Dispatch.] The eleventh annual tennis tournament of the Great Valley Tennis Club, opened at Nordhoff under auspicious circumstances. A large crowd was present, nearly every school of Southern California being represented. Entries were present from the team of the high schools of the North end of the State, and in all there were 100 players present to participate in the four fine courts of the club, which occupied all the time from 9 a.m. to 5 p.m., with one hour intermission at noon.

Among the notables on hand are the Hon. Justice of the Peace, the little son of the Governor, and the little son of the Governor of California. The tournament was opened by the Hon. Justice of the Peace, the little son of the Governor, and the little son of the Governor of California. The tournament was opened by the Hon. FATAL PISTOL DUEL.
Being Sets of Election Officers in West Virginia Mix up, With Bullet in the Back.

(BY THE ASSOCIATED PRESS—A.M.)
KENTON (W. Va.), April 6.—A fatal pistol duel was fought between two sets of election officers in West Virginia, resulting in the death of one of the contestants. The duel took place in a field near the town of Kenton, and was witnessed by a large crowd of people. The contestants were both armed with pistols, and the duel was fought to a standstill. One of the contestants was shot in the back and died shortly thereafter.

EVENTS IN SOCIETY.

ALTHOUGH not yet formally announced, friends have been let into the secret of the engagement of Miss Kitty McCormick of No. 906 South Bonnie Brae street, to W. H. O'Meara, a prominent and wealthy mining man of Salt Lake City. Miss McCormick is a beautiful girl of the true Irish type, with soft dusky hair and deep violet eyes, and the delicate rose-leaf skin for which the Irish beauties are noted. Miss McCormick is a niece of the well-known railroad contractor, P. J. McCormick, with whom she lives at home. She is popular in high social circles, and much interest will be taken in her approaching nuptials. The date for the wedding has not yet been set, but it will probably take place in June. Mr. O'Meara is at present engaged in mining at Tonopah. After the wedding, he will take his pretty bride to Salt Lake City to reside.

Mrs. Marchand's Tea.

Mrs. Ulrich Joseph Marchand of No. 107 Bond street yesterday entertained a number of friends at a charming afternoon tea, from 4 until 6 o'clock. The artistic house was filled with a profusion of flowers and greenery. In the library red carnations and roses harmonized well with the furnishings. Great jars of callas were effectively arranged in front of banks of potted palms and plants in the living-room. In the dining-room, where tea was served, red lights cast a softened glow. The round tea table presented a most beautiful appearance with red carnations and silver candelabra gleaming on its surface. Miss Edna Dickinson, who presided at the tea urn, and Miss Conner served punch from a shimmering cut-glass bowl, set mid fluffly asparagus ferns. Mrs. Marchand was assisted in receiving by Mrs. Allison Wallace, Misses Edna and Nina Dickinson and Maude Elizabeth Richards. During the afternoon vocal selections were given by Mrs. Wallace and Miss Richards. The guests were Mrs. Benjamin P. Church, Juana A. Neal, B. D. Richards, James Howland, J. O. Smith, D. K. Dickinson, Waldo S. Chase, John T. Myers, Ralph Curran, Oswald Zahm, Horace Perry, John Hardy Lewis, Ray Smith, Herbert Requa, George Caswell, Groves, Misses Frances and Pauline Hildreth, Edna and Nina Dickinson, Nina Demena, Helen Ferris, Bessie Smith, Riverdale Pearl and Ruby Conner, Reba Cooper, Miss Myers, Miss Poyer, Miss Howard and Miss Sink. In the evening a number of young men joined the receiving party, and a lamé supper was enjoyed, after which music and conversation served to amuse the party. Young men present were: Henry Lindholm, Frank Lindholm, George Le Doux, James Hobbs, Allison Wallace and B. Ryerson MacDonald.

Trip to Coast.

Dr. J. W. O'Connor and son and Dr. T. W. O'Connor of Denver, Colo., arrived recently in their private car to visit the rest of the family who are spending the winter at Hotel Pepper. They, accompanied by a number of friends, left yesterday for a trip up the coast. Others who went on the trip were Mrs. J. W. O'Connor, and her pretty young daughter, Miss Florence O'Connor, Miss Adelaide McConville of St. Paul, and Mrs. W. H. Hadley of this city.

To Make Home in St. Louis.

Yesterday afternoon at 2:30 o'clock Miss Esther Meyer became the bride of Warren Preston Carlisle, the marriage taking place at the home of the bride's mother, No. 1237 Hope street. Judge Waldo M. York of the Superior court administered the marriage vows. A grand orchestra rendered the wedding music. The bride wore a handsome gown of white crepe, elaborately trimmed with point and Duchesse lace. She carried a shower bouquet of white roses. Miss Rose Meyer, who attended her sister, was attired in white silk and carried pink roses. The house was decorated with a profusion of white roses and bridal wreath, combined with satin ribbons and greenery. After a short wedding tour the couple will return to Los Angeles for a visit, after which they will go to St. Louis, where they will make their home.

For Bridal Couple.

Mrs. Leah J. Seeley of No. 1515 South Figueroa street entertained last evening with a smart little "at home" given in honor of her sister and brother-in-law, Dr. and Mrs. Harry Adams, who have recently returned from their wedding tour. The home was decorated with many flowers and ferns. In the reception room, which itself is in blue, all the flowers were white, carnations and callas forming an effective background for the pretty gown of the receiving women. The drawing-room was filled with pink carnations and delicate ferns and in the double dining-rooms two round tables were set over which canopies of dainty pink satin ribbon were stretched from the chandeliers, which were covered with pink tulle and ferns. Pink carnations and ferns were effective table adornments, and buffet and mantel were covered with the same spicy flowers. In an adjoining room finished in red, deep red cushions and ferns had been gracefully arranged, and here frappe was served by two dainty maids in light gowns. They were Misses Mabel Seeley and Geraldine Brimhall. In "the den," from whence sweet music was discoursed by Stamm's Orchestra, palms and carnations formed an attractive decoration. Mrs. Seeley was assisted in receiving by her daughter, Miss Ada Seeley, and Miss Florence Wachter. The hostess was attired in a handsome gown of white lace and Mrs. Adams wore seafoam green crepe de chine. Miss Seeley was charming in a dainty frock of pale pink crepe de chine and Miss Wachter wore blue silk. Miss Louise Shattuck, who also attended, was becomingly gowned in pink. Many guests were received during the evening, more than one hundred invitations having been issued. Mrs. Seeley and Mrs. Adams will receive their friends on the first and third Wednesdays of the month at their home, No. 1515 South Figueroa street.

Informal Evening.

Miss Florence Parker of No. 329 Aliso street gave an informal evening last night in compliment to Miss Annette Wood, who will leave next week for California, accompanied by Miss Parker. Miss Wood has been the guest of her aunt, Mrs. Charles Modini-Wood of Santa Monica, for some months and during her stay has been the object of much pleasant social attention. The affair was also given as a pre-nuptial courtesy to Miss May Dalton and Harry Baskerville, who are to be married during Easter week. Other guests for the evening included Miss Ella Gardner, Miss Gerta Hatch, Miss Florence Moore, Miss Edith Kirkpatrick, Dr. James Hall, Messrs. Bennett, Fred Parker and Perry Parker.

For Miss McKenzie.

Mrs. R. B. Williamson of No. 601 Park View avenue is planning to entertain next week in honor of her niece, Miss Vivian McKenzie, who has been visiting her this winter. Miss McKenzie is an extremely pretty and delightful girl and has made many friends during her visit here.

MAYOR BALKS AT LIGHT PLAN.

Opposes 'Aid for the Lamps on Spring Street.

Merry Tilt Over Finances at Luncheon Party.

Council Favors Supplying the "Juice" for System.

Spring street is to have a system of decorative electric lamp posts to rival or equal that of Broadway, if plans of the Spring Street Improvement Association are pushed to completion. The entire matter depends on whether the city will pay for the extra light, as it is to do for the fancy Broadway lamps.

Mayor McAleer says the city is too poor to assume the extra expense. Chairman Smith of the Council Finance Committee declares the Mayor is wrong; that there is sufficient money in the treasury for the purpose indicated, and that encouragement should be given to the plan.

The matter came up yesterday at a luncheon at the Jonathan Club. The Mayor and members of the Council were there as guests of the Improvement Association, of which W. M. Garland is president; W. C. Patterson, vice-president, and M. Lisner, secretary.

The luncheon was a lovely affair at the start. It went along smoothly for an hour or so, while Mr. Patterson and members of the association explained their plan. Dark clouds appeared when the Mayor gave his views. The storm broke when Councilman Smith threw some of the Mayor's statements back into his teeth, and then there came a little gleam of sunshine which is said to portend lights for Spring street.

In explaining the plan, Mr. Patterson said the association proposed to erect decorative lamp posts on Spring street, from Temple to Tenth street. Plans were submitted to the council, showing what different in design from those on Broadway, but of the same general order.

The speaker said there was a certain center around which the city revolved. If that were beautified and made attractive, the entire city would reap the benefit. In time, he said, the limits of the district could be extended.

BENEFIT GENERAL.

Mr. Patterson said the association would raise the funds for installing the lamps if it could have the assurance that the city would pay for the lighting. It was his opinion that the people of the entire city would reap the benefit of the beautification of the business section or any other part of the city, and would be willing to pay the small portion of the expense that would fall to their lot.

Figures were presented to show that 50 per cent of the taxation of the municipality is paid by persons within the district it is proposed to beautify. It is said the total cost of the improvement to the association would be about \$15,000. The assumption is that the electricity for the system would be about that estimated for Broadway—\$500 per month.

MAYOR OBJECTS.

"But the city is too poor to assume this added burden," said the Mayor in reply to the proposition.

"This expense, if borne at all, should be borne by the business men. There are poor people in the residence sections who are entitled to light streets. Spring street is light enough."

This brought Councilman Smith to his feet with the statement that the Mayor was mistaken with regard to the finances of the city.

"There is plenty of money for this purpose, or there will be," he said. "I believe the city should enter into this plan as it has into the Broadway plan, and that Main and Hill streets should come in for similar attention."

"Every taxpayer throughout the city is interested in this improvement, as well as the business men who propose it, and who, too, are large taxpayers. I believe the Council is with me in this and that it will lend its support to the movement."

COUNCIL AGREEABLE.

Other members of the Council, while not making addresses, expressed themselves in favor of the plan, regardless of the stand the Mayor would take.

Before the luncheon party dispersed, it is said Mr. McAleer acknowledged that he was in favor, after all, of extending to Spring street the same consideration that had been accorded Broadway.

Members of the association said they believed the Mayor hardly would veto the measure if adopted by the Council. With the support of the Finance Committee and a majority of the Council practically assured, it is thought the matter will come up at an early date for final action.

It is said that subscriptions have been assured for the new lamps and that most of the collections have been made. The work of installing the system will proceed as soon as there is assurance that the city will pay for the "juice."

The Coroner's Jury.

The coroner's jury empaneled to inquire into the cause of the explosion at Rush Run and Red Ash mines, near Fayetteville, W. Va., in which twenty-four miners lost their lives, March 18 and 19, returned a verdict yesterday fully exonerating the mine management and the district mine inspector.

SICK HEADACHE

CARTER'S LITTLE LIVER PILLS. Positively cured by these Little Pills. They also relieve Distress from Indigestion and Too Hearty Eating. A perfect remedy for Bile, Biliousness, Dizziness, Nausea, Headaches, and all the troubles arising from Liver and Bowel Disorders. They regulate the Bowels. Purely Vegetable.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

About India.

A free stereoscopic exhibition of scenes in India will be given in the First Methodist Church tonight at 7:45. About 100 views will be shown, accompanied by a lecture by Rev. H. W. White.

Olive-street Sale.

Claude M. Jones has sold to John B. Dawson, through the agency of Mines & Parish, 4615 1/2 feet, to a 20-foot alley, with a two-story frame apartment building, at Nos. 640-642 1/2 South Olive street, consideration named, \$25,000.

Mrs. Raymond Brown.

Mrs. Raymond Brown will lecture on Wagner's "Parsifal" tonight at Blanchard Hall. Mrs. Brown, who is an authority on Wagnerian music, will tell the story of the music-drama, constantly accompanying it with pianistic illustrations.

Union League Officers.

The Union League Club last evening elected the following officers: President, Robert N. Bull; vice-president, G. M. Giffen; treasurer, Thomas Hughes; secretary, Charles P. Squires. M. A. Gould, M. S. Gregory and M. N. Hamaker were elected new members of the directorate.

Clark Burial Today.

A simple committal service over the body of Chaplain Alfred S. Clark, formerly rector of Christ Church of this city, will take place at Rosedale at 10:30 o'clock this morning. The funeral was held at St. John's Episcopal Church in San Francisco Wednesday. Bishop W. F. Nichols officiated.

Treat for Orphans.

Tomorrow afternoon at Blanchard Hall Ernest Thompson Seton will give among his audience 100 orphans from the Los Angeles Orphans' Home who will be admitted free to hear "New Adventures of Animal Friends," and they will be the guests of Centennial M. E. Church.

Methodist Corner-stone.

The corner-stone of the new house of worship being built by Methodists in South Pasadena will be laid this afternoon at Center street and Fair View avenue. The chief address will be by Rev. F. A. Hardin of Chicago. Rev. D. W. Coultas is pastor of the church. The edifice is to cost \$60,000.

Buys Home Site.

M. Caswell has purchased of J. C. Peterson, through the agency of Alt-house Bros., an unimproved lot 75x175 feet, on the east side of Westlake avenue, 159 feet south of Ocean View avenue; consideration named, \$35,000. The purchaser will improve with a fine residence that will cost about \$12,000.

Cornell Dinner.

From 5 to 9 o'clock last evening an informal good time was enjoyed by the Cornell University Club at Levy's. It was the monthly dinner. The membership of the club is increasing rapidly and already numbers thirty-five. Former Ithaca students are plentiful in Southern California, and Cornell spirit is strong among them.

Business Property.

E. F. Wright has purchased of John A. Pirtle, through the agencies of Leonard Merrill and Grealy & Benedict, 164 1/2 feet, on the north side of Twenty-third street, extending from Hoover street to Union avenue, with a single-story brick business building, covering the entire lot; consideration named, \$28,000.

Wiggins Returning.

Frank Wiggins, who has been energetically forwarding Southern California interests at the Lewis and Clark Exposition in Portland, will reach home at 1 o'clock this afternoon. His return is eagerly awaited at the Chamber of Commerce, where preparations for the forwarding of displays have been going on rapidly during the past week.

Want Better Service.

Residents of Angeleno Heights want to know why they can't have better car service. At a meeting of the improvement association last night at the residence of J. R. Hone, No. 543 Kensington road, a committee of five was appointed to call on the City Attorney and ask why the street railway company has not double tracked the lines on Edgeware road and Bellevue avenue. This committee will take hold today, if human interest.

OF HUMAN INTEREST.

Marriages — Births — Deaths — Marriage Licenses.

UNUSUAL RESOLUTION.

Illinois Legislature Requests Governor to Have Case of Miss Hansen Investigated.

(BY THE ASSOCIATED PRESS—A.M.)
SPRINGFIELD (Ill.) April 6.—In the upper House of the Legislature today an unusual resolution was presented, one bearing on the case of Miss Inga Hansen, a former Salvation Army girl recently found guilty of perjury and given an indefinite sentence to the penitentiary. The resolution requests the Governor to have the case investigated; then, if in his judgment the case warrants it, he is urged to prevent Miss Hansen being sent to the penitentiary and to grant her a full pardon.

Miss Hansen's conviction was the outgrowth of a suit for \$20,000 damages brought by her against the Chicago Railway Company, alleging that she had been deprived of her sight and speech and the use of her limbs as the result of injuries received in a street car accident. She claimed that her partial recovery was a miracle wrought by prayer, while the company alleged that her injuries were only pretended. The resolution cites the statement made some time ago, that the railroad had expended \$50,000 in securing the conviction of the young woman and the fact that many persons believe her innocent.

The resolution was made a special order for Tuesday next.

BREVITIES.

The tremendous volume of classified real estate advertisements now being regularly printed in the Sunday Times makes it necessary to ask patrons to get in their "Liner" copy as early as possible. Real estate dealers, especially, should confer a favor by turning in what advertising for Sunday they can get ready on Friday nights, and the balance by Saturday noon; 11 p.m. Saturday night is the latest hour that classified announcements will be received, either over the counter or by phone.

The old reliable Sunbeam Art Parlors, formerly located at 238 South Main street, have removed to 235 South Broadway, and will hereafter be known as the Angelus Studio. Beautiful color tint photos only \$1 and \$1.75 per dozen. We have no connection with any studio on Main street. Any one using the name Sunbeam Studio is an imitator. Come and see the beautiful Angelus Studio, finest in the West. Popular prices; highest grade work.

Men's Spring Suits

In order to facilitate the selling out of our big men's clothing department with its many sundry lines, we have purchased an exceptionally fine stock of spring suits, which we will offer at profitless prices. Of course, we expect that many men who buy one of these new suits will also be tempted to make other purchases in this department and thus help in the closing out.

Finest Clothing Made in America

Our spring stock comprises the best productions from the leading manufacturers in America. All the smart, exclusive ideas are here without omission. We fully guarantee this clothing in all respects. It is the same grade that you pay fancy prices for at stores which call themselves exclusive.

SWELLS OF

Craven's Prize

STUNNING DISPLAY.

"Go to the horse show?" "Are there any really good horses in Southern California?" The speaker met a man better posted than himself; he was persuaded to make a trip, and returned glad of it, having learned most pleasantly his little horse. Hundreds of others who have attended similar exhibitions must have learned to make the same good advice. With a festive blare of trumpets and mighty melody of brass bands, Pasadena's first exhibition of blue-blooded horses and saddle equines opened yesterday in the presence of an audience that cannot be considered as a disappointment in point of numbers, though the elite of Pasadena society was present in force. Only to the local understanding relative to the attendance of local horseflesh can the event be charged; indeed, if everyone had realized that the Pasadena Little Inferior to that of the famous Garden was being held, the mark would not have proved so low. It is a stunning display, a triumph drawn by splendid teams, answering every wish of the prize-winning horses imported from England, and all perfect in equipment and faultless in all points—were a distinct feature of the afternoon's exhibition. Many might be secured by a dozen dollars, and it is a stunning display, a triumph drawn by splendid teams, answering every wish of the prize-winning horses imported from England, and all perfect in equipment and faultless in all points—were a distinct feature of the afternoon's exhibition. Many might be secured by a dozen dollars, and it is a stunning display, a triumph drawn by splendid teams, answering every wish of the prize-winning horses imported from England, and all perfect in equipment and faultless in all points—were a distinct feature of the afternoon's exhibition.

SWELLS OF ALL SOUTHERN CALIFORNIA HORSEDOM SHINE IN PASADENA'S SHOW OF BLUE-BLOODED EQUINE BEAUTY.

Cravens' Prize Winners.

Harkness' Dandies.

STUNNING DISPLAY.

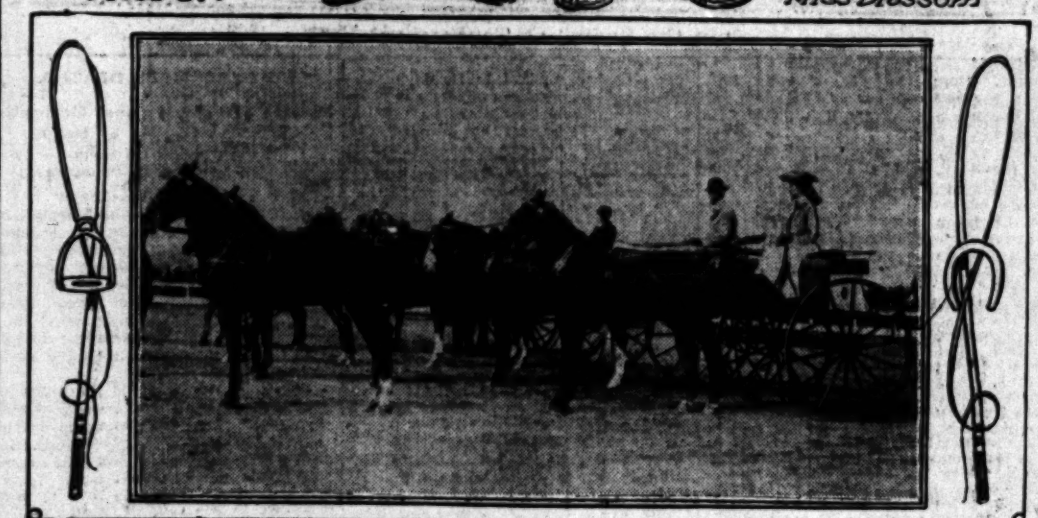

"To the horse show?" "Are you any really good horses in Southern California?" The speaker met a man better posted than himself; was persuaded to make a tour, and returned glad of it, having learned most pleasantly his little lesson. Hundreds of others who have heard similar thoughts must have had to get the same good advice. The twelve blue of trumpets and the melody of brass bands, Pasadena's exhibition of blue-blooded horses and saddle-equestrianism, in the presence of an audience that cannot be considered else as disappointed in point of numbers, was the elite of Pasadena's social present in force. Only to the understanding relative to the value of local horsemanship can the attendance be charged; everyone had realized that the little inferior to that of the Garden were being shown, and that a pleasant surprise would not have proved to have made upon it. A demand is anticipated today and tomorrow is a stunning display. The animals drawn by splendid teams, answering every demand of the prize-winning class, driven by the toniest of the imported from England, displayed in equipment and faultless all points—were a distinct feature of the afternoon's exhibition. The teams were secured by a dozen men, each pocketed with coin and determined to purchase the best. The splendid equipages that the hearts of yesterday's Col. W. J. Hogan of Louisiana, whose religion among other things was to have the best, and whose imperative his attendance at every horse show within position made so enthusiastic after his decision that his prize was no bounds. "There was no better exhibition of harness driving finer than this," as he said, "with a sweep of his hand the turnouts of John S. Cravens and L. V. Harkness, which were sweeping by in the judging of horses, schooled carefully in the art of the little four-footed creatures, granted about the same early in the afternoon, amid

entry stand out above the others. The lots were of uniform high quality, and the able gentlemen who officiated found it necessary to split hairs. The smallest fields were the hardest; in awarding L. V. Harkness a blue ribbon over John S. Cravens, in the four-in-hand, Mr. Cravens' failure to bring his keys and the absence of a small part of his brake's equipment decided a point that otherwise the judges might have found themselves unable to arrive upon. A likely lot of roadsters was closely watched by the spectators, and the polo class proved of particular interest from the life of the proceedings which involved a bending race around the sticks, some scurrillous, and other stunts of a nature calculated to shed light upon the handiness of the competitors. Class ten, the tandems, elicited more than the usual amount of applause, those unfamiliar with these stylish turnouts receiving their introduction through the medium of four very high-class entries, comprising two from John S. Cravens' stable, one from L. V. Harkness', and another driven by Miss Irma Zier. The Harkness pair of bays received the award, though both of Cravens' were good enough to win almost anywhere. HARKNESS' FIVE FIRSTS. It is not often in any one horse show that an exhibitor is successful enough to annex five firsts in the same afternoon, but L. V. Harkness's splendid stable turned that trick for him yesterday afternoon. The contest between Messrs. Cravens and Harkness for blue ribbons was keen from the first; they are by far the heaviest owners of high-class carriage stock in this end of the State, and their stables have achieved a reputation that extends to the East. Each had entries in nearly every event, but in the majority, the equine pets of the older gentleman received the rosette of blue, though in none of the classes were Cravens' horses much behind. If it were possible to pick a feature event out of a programme liberally studded with treats for the horse fancier, the harness pairs would probably receive the verdict. In this event, appointments counted for 40 per cent, and the team for the balance. John S. Cravens was represented by his already famous browns, Cardinal and Crown Prince, driven by Coachman Peters; and his bays, Happy Jack and Sunny Jack, over which Cravens himself handled the reins. L. V.

Miss Orr

Miss Blossom

The Tandem Line-up.

the team, and made a combination that a milliner, doubtless, would describe as "sublimely fetching." The decision was a popular one, the Harkness entry receiving the red badge, emblematic of second place. In picking a third, Cravens' browns were the choice. Being beaten in this class was no disgrace for anyone. THE HARNESS PAIRS. The opening event, harness pairs, resulted in a blue ribbon for L. V. Harkness, with his bays, Defender and Blue Grass. Cravens' blacks, Seabright and The Minister, were decorated with the red, and Alanson D. Perkins' pair, Black Diamond and Red Cloth, black and bay, respectively, took third. Class 16 brought out a dozen saddle horses of very nearly top-notch quality, and disclosed a winner in Benjamin Blossom's bay gelding Bob, 15-3 tall, and a most stylish performer in all five gait. Mr. Blossom entered three in the class, and another bay, Mojave, 16½ high, took the third. W.

L. Graves, Jr., on Jahila being given the second award. Judging this class took considerable time—rather more than had been expected. There was not a bad animal in the lot, and at least half a dozen were better than good. Such snappy action, and such style are seldom seen anywhere. The winner is a splendidly framed animal, perfect in flesh and conformation, and practically the saddle horse ideal. Mr. Blossom is to be congratulated upon securing such an equine prize. Frock and Frolic, the same pair that won him a place in the pairs, were L. V. Harkness's winning entry in the tandems. Cravens and Seabright and The Minister, blacks; and his coachman, Peters, behind Seabold and Old Sport, black and gray, respectively, made a good bid for judicial favor, and were recognized as named. The prancing, jaunty style of the tandems made quite a hit, and the winners were warmly applauded. Miss Irma Zier of Pasadena had a nice pair in

the ring also. The young lady handles her reins like a past master, and showed no need whatever of assistance at any stage of the game. Another first fell to the Harkness stable in Class 14, the roadsters, his bay gelding Moro proving the winner over J. A. Edmond's Dagworth, and Graham Babcock's Toggies. This last is a fine-looking well-educated brown gelding, and many had picked him in advance for the best. THE FOUR-IN-HANDS. The skirl of the tallyho horn announced the coming on of the four-in-hands, of which there were two, Messrs. Cravens and Harkness having it all their own way. Cravens in a red and black brake showed a fine pair of wheelers in The Minister and Seabright, blacks. Seabold and Gamecock were his leaders; they looked a shade inferior to Harkness's but the Cravens wheelers were at least as much better. The Harkness brake was a stunning affair of

orange and black; Defender and Major wheelers, and Blue Grass and Bodwine, bays, were the pairs. The first two looked to be hooked a little short, but owing to Cravens' shortness in equipment his chief opponent received the much-desired reward of a blue ribbon for first place. With footmen in livery and every little detail properly attended to the four-in-hands were one of the most striking parts of the show. A heavy entry of runabouts spanned the track fifteen minutes or more before the signal was given to line up opposite the judges' stand, and further inspection before a final verdict could be passed. L. V. Harkness's bay gelding Frock, driven by his daughter, Mrs. A. K. Macomber, was adjudged the best; his team mate, Frolic, driven by H. Webb, earned a second, and John S. Cravens's bay Prejudice, driven by Coachman Peters, was given the third ribbon. They were a rare and classy lot of quick starters and stylish steppers such as would gladden any gentleman's heart, with a goodly stretch of hard going under foot. Equally heavy was the showing of polo ponies, most of them belonging to members of the Los Angeles Polo Club. In point of activity and sporting life, this class was perhaps the keenest thing of the day. A bending race in pairs, threading the sticks provoked considerable amusement when some of the less skilled horsemen butted over the uprights, and

the fierce swipes of some of the experienced polo men when a ball was thrown out did not tone down the momentary departure from dignity one bit. SMITH'S PRIZE PONY. In point of appearance, physical adaptability to the exacting demands of that rough and ready game, polo, and all around handiness, Judge "Bob" Bettner of Riverside without hesitancy pronounced Ben Smith's sorrel gelding Crescent the best of the lot. Mr. Smith campaigned Crescent one summer, and the experience nearly spoiled him for polo, but a few months in the mountains under an old Mexican vaquero did wonder to again make the animal handy, and he is no longer halshy. Mr. Smith feels he has the substance of a grand pony in Crescent, and expects great things of him in the coming summer's games. The Weiss brothers showed some classy performers, and H. G. Burendum of this city mounted upon his gray Tommy Atkins, a small but stockily built beast, captured the third ribbon. Tom Weiss, upon his gray Finlay, was given the second, largely through superior horsemanship. Today's programme involves a number of entertaining features. Those who desire to see the entire programme out would do well to leave Los Angeles not later than 11:30. Lunch can be obtained on the grounds if so desired.

AGLOW WITH COLOR SOCIETY BLOSSOMS.

SOCIETY has set its seal of approval upon the show of equine beauties and turned out yesterday in full numbers and gorgeous apparel. The long line of private boxes in a double tier glowed with variegated and brilliant color like the parterre of a flower garden, and the grand stand rising above, blossomed like a beautiful rose terrace where gay gowns and bright-hued parasols blended into exquisite color harmonies.

In close proximity were Mrs. John B. Miller and her little daughter, and in an adjoining box were Mr. and Mrs. Fred Elmer Wilcox who had as their guests Mr. and Mrs. Harry Gray. Mrs. Miller was simply gowning in a wool check of dull blue; Mrs. Wilcox wore a stunning costume of blue broadcloth with hat to match and Mrs. Gray's gown was white veiling in strictly tailor-made fashion; she wore a white hat. Rev. and Mrs. Robert J. Burdette occupied a box in the choice section and were accompanied by Mr. and Mrs. Frank Pixley. Mrs. Burdette's gown was an elaborately made taffeta, of

hints from a damp and foggy morning, but appeared in boxes and grand stand in their purple and fine linen and their confidence was justified; for with the first event the same came out gloriously and seldom has it shone upon a gayer scene. IN THE BOXES. Conspicuous in those boxes which command the best view of the ring was Mrs. John S. Cravens, with Mrs. A. A. Libby. Mrs. Cravens wore a gown of white with a yoke of Irish point and a delicate bit of color was afforded in a violet hat with parasol to match. Mrs. Libby's gown was white crushed cloth and she wore a hat of crushed white roses. In one of the most desirable stalls were Mr. and Mrs. William Stanton and with them were Miss Charlotte

ashes of roses hue, with accessories of pale blue which combination was also seen in her hat. Mrs. Pixley was dining in panne velvet of dark red, white hat with red plumes and ermine collar; Mrs. and Mrs. Charles Burton Scoville were near neighbors and had with them their little daughter Barbara and Mrs. W. R. Staats. Mrs. Scoville wore a blue linen gown with white coat and white hat in the direction style. Mrs. Staats was handsomely gowning in cream white veiling. ALL IN WHITE. In one of the most desirable stalls were Mr. and Mrs. William Stanton and with them were Miss Charlotte

Thomas, Miss Marion Armstrong and Miss Nevin. All these ladies were dressed in white, with white hats with the exception of Miss Armstrong who wore blue. In an adjoining box were Col. and Mrs. Clinton P. Morehouse and Mr. and Mrs. Edward Greenendyke. Mrs. Morehouse wore a handsome street costume of electric blue and Mrs. Greenendyke was elegantly dressed in a gown of white with oyster plumes. Mrs. A. Kingsley Macomber, sitting near them, had as her guests Mr. and Mrs. Walter Root and Miss Clara Carpenter of Los Angeles. These ladies were all in white but the delicate blues and lavenders of their automobile bells gave a touch of effective color. At the opposite end of the long row of boxes was Mrs. H. J. Macomber, in a gown of dark blue, and with her was Mr. Roy Macomber and Mr. and Mrs. Mortimer Henderson. Mrs. Henderson was charming in a gown of heliotrope taffeta with hat the same shade. Near the Macomber party were seated Mr. and Mrs. Tracy Drake with Mr. Sidney, Miss Daughaday and Miss Towle; the ladies were all dressed in white. Others who occupied boxes in that neighborhood were Mr. and Mrs. R. I. Rogers, who had with them Mrs. McQuilvay. Mrs. Rogers's gown was a dark brown tailor-made costume and Mrs. McQuilvay wore black. Harry Zier with Mrs. Beauchamp and Miss Paula Beauchamp, Mrs. MacD. Snowball and party, A. L. Spitzer from Hotel Green who had with them Mr. and Mrs. John Kinnam were near. Mrs. Spitzer was stunningly dressed in pale blue broadcloth with a V-neck and heavy blue velvet plumes. Mrs. Kinnam wore a severely plain tailor gown of white broadcloth. Mr. and Mrs. Lawrence Newman were near these friends; Mrs. Newman's gown was white etamine ornamented with white braid and she wore a white flower hat.

BRILLIANT SECOND TIER.
Conspicuous in the second tier of boxes were Mr. and Mrs. Kurannaga, who had with them Mr. and Mrs. W. B. Smith. Mrs. Kurannaga wore a fetching gown of brilliant red, accented with hat of crushed red tulle, and with her bright-red parasol was one of the most effectively dressed women seen yesterday. Mrs. Smith wore a black tulle suit trimmed with new green. At the south end of the box row Mrs. Thomas G. Otis was noticeable in her stylish black gown and hat to match; in this vicinity Mr. and Mrs. Charles D. Daggett and Miss Ruth Daggett had box; Mr. G. G. Guizer with Mr. and Mrs. Freeman Ford were adjoining. Mrs. Guizer wore a gray gown with hat of violet and Mrs. Ford was lovely in pale-blue costume.

him Mrs. J. M. McCormick and Mrs. W. C. Moulton; Mrs. W. M. Vedder, Mrs. J. F. Woodworth and Mrs. Wallace Woodworth, Mrs. W. J. Hoagan, Mrs. J. M. Evans, Mr. and Mrs. Louis Lafin, Mr. and Mrs. H. M. Zier, Miss Zier, Mrs. McCintock and Mrs. Harison, Mr. and Mrs. J. N. Kurrus, Criss, Mr. and Mrs. D. M. Linnard, Mr. and Mrs. Hayden, Mrs. James McBride and many others.

The grand stand was not lacking in its society representation, but the nucleus of the Four Hundred and the smart set were found grouped in the boxes, which scarcely afforded a fitting setting with their rough, weather-beaten boards for so much youth, beauty and elegance.

SEER THE WHOLE SHOW.
Many of those who occupied boxes are holding them for the three days and have parties arranged for each afternoon. Today Mrs. R. I. Rogers will have in her box her young niece, Miss Julia Wilson; Miss Elizabeth Wotkyns and Livingston Wotkyns, Mr. and Mrs. Fred Elmer Wilson will today entertain Mr. and Mrs. Charles Russell.

This afternoon Mr. Stanton's box will be occupied by Mrs. Oliver Picher, Dr. and Mrs. Bryant of Los Angeles and Miss Hannah Nevin. Mr. and Mrs. James H. Holmes will entertain Mrs. E. M. Chatell and Mrs. Henry Vilas; Dr. Rowland will have with him Mrs. Miller, Mr. and Mrs. Leffingwell and Mrs. Rowland, A. C. Dennan and Rowlands will this afternoon have with him Gov. Higgins and party.

It is rumored that society will be out in all its glory Saturday and that a large number of functions have been arranged as an anti-climax. These will be dinners, with dances at the Maryland and Hotel Green.

Least evening Miss Annie Moore of Hartford gave a horse-show dinner at the Maryland, for which covers were laid for ten.

There were many spectators from fashionable circles who witnessed the horse show elsewhere than from box or grand stand. Elegant equipages, drags, and every-day vehicles were ranged outside the track enclosure and from the top of coaches and from automobiles many gay parties took in the carnival. From boxes and coaches spurts of applause showed where favoritism sprung, and there was much enthusiasm displayed by the members of the fair sex over the entries of friends.

BAND AFTER THOSE FUNDS.

CARNIVAL QUEEN GONE AND GOSSIP SPICY.
San Diego Musical Body Will Ask an Accounting—National City Board of Trade Asks a Railway Franchise—Biological Station Located at La Jolla.

(BY DIRECT WIRE TO THE TIMES.)
SAN DIEGO, April 6.—[Exclusive Dispatch.] Members of the City Guard Band, under whose auspices the California Fiesta Company gave a carnival here last week, are greatly disturbed over the division of the queen's funds.

From the sale of votes \$570 was realized, but only a small part of this has been turned into the band's treasury.

George W. Carey, a former member of the band, who, it is said, was the self-appointed custodian of the money, is the husband of the woman who won in the queen contest. His bill for the queen's expenses staggers the band boys. Their understanding was that she should have \$100 for her gown or a ticket to the Portland fair, but he has retained both, together with a handsome sum for the queen's incidental expenses.

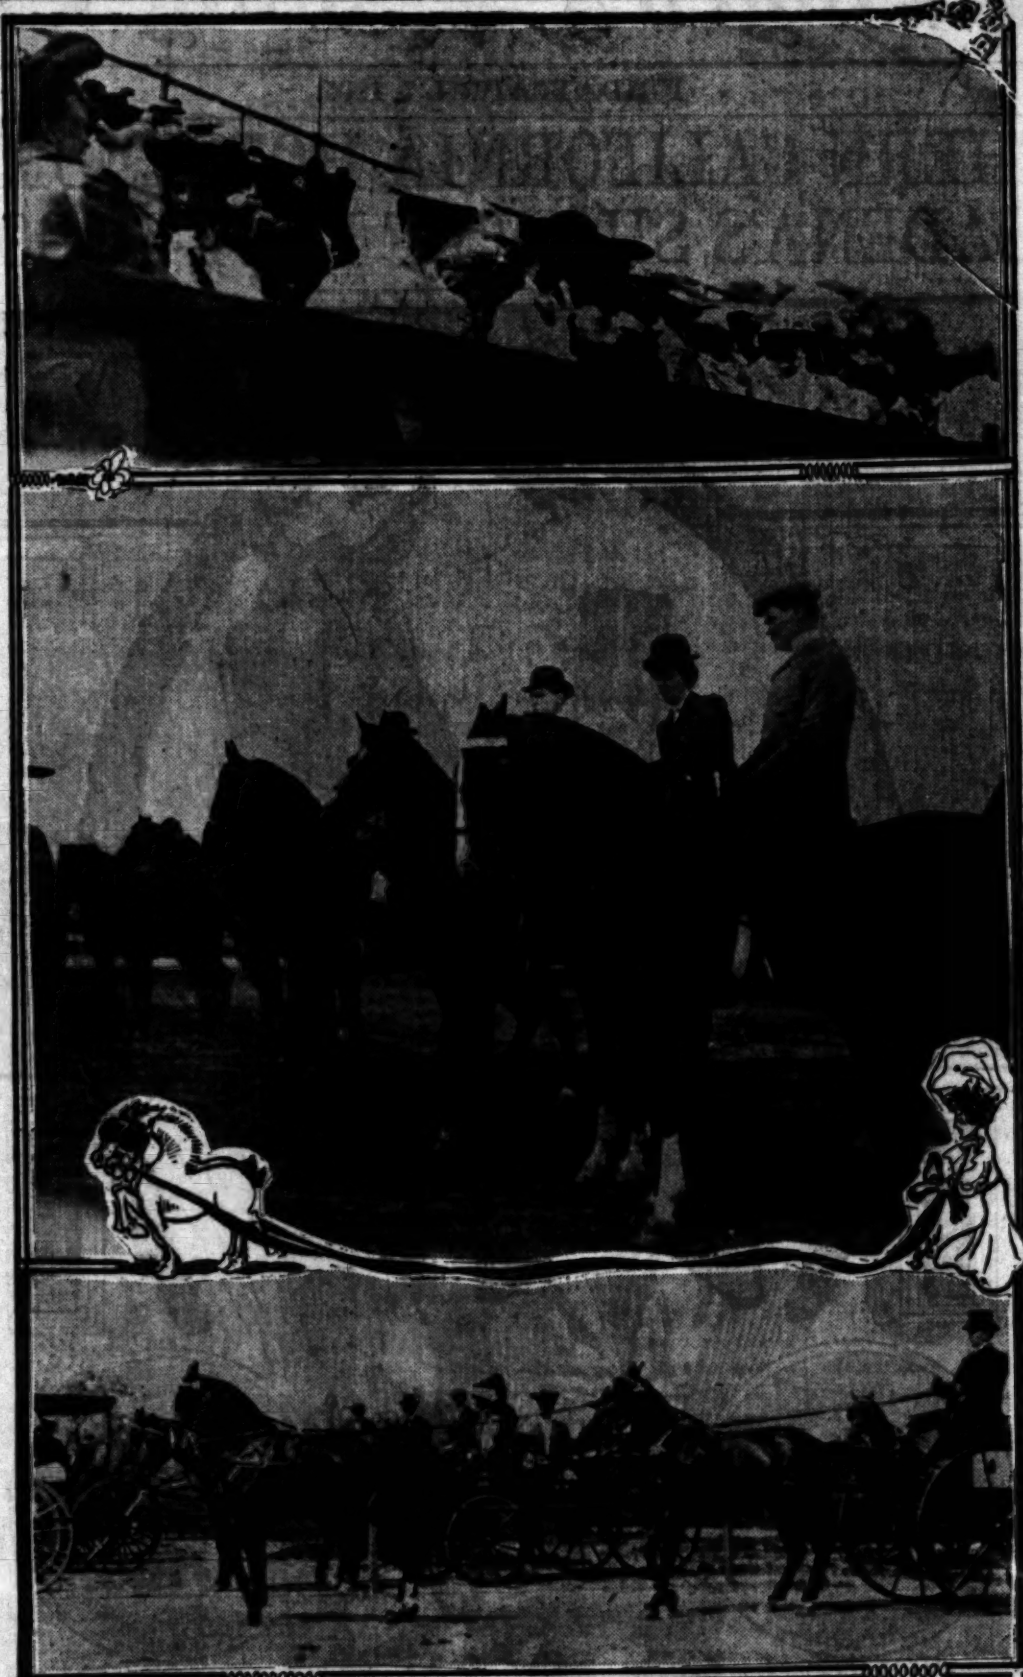

Then there is an item of \$175 as an advance of the carnival's commission. Carey, accompanied by the queen, left town yesterday, giving out that he had hired out with the carnival company as advance agent. Of late he has been associated with J. M. Dodge in the local management of the Isis Theater. Carey has been ousted from the presidency of the band and will be asked for an accounting.

NATIONAL CITY RAILWAY.
The National City Board of Trade Committee filed today with the City Trustees a bid for the franchise of ten miles of city streets for a street railway. The franchise is to be sold Tuesday evening, and so far as can be learned, there are no other likely bidders. The committee, which is composed of leading citizens, says it has ample money in sight for the installation of the plant.

LOCATE BIOLOGICAL STATION.
Prof. Kotold of the University of California and Secretary Wood of the Chamber of Commerce today selected the site of the San Diego Marine Biological station at La Jolla, it being on Alligator Head. Prof. Kotold says it is the finest location on the Pacific coast. Biological work is to be conducted under the auspices of the State University.

La Jolla people have contributed funds for a temporary building.

YOUNG GRANT, OBSERVER.
The government Weather Bureau of

"In the Swim" at Tournament Park.

this city has a rival in U. S. Grant, the eleven-year-old son of Mr. and Mrs. U. S. Grant, who reside on the heights of Upper Ash street. Of late the lad has been turning his attention to the study of astronomy and other natural science, with a particular leaning to meteorology. His mother recently gratified him by the purchase of a set of the United States signal flags. The young man has arranged and equipped his laboratory with thermometer, barometer and other paraphernalia, including wind and water gauge, which are upon the roof.

Each day the observer makes an examination of his instruments and then he publishes in a pamphlet and prints two copies, one of which he sells to his mother. The results of the forecasts are signed by means of the flags for the edification of the neighborhood.

SAN DIEGO BRIEFS.
The Home Telephone Company announces that it will extend its lines to Escondido, National City, Coronado, Chula Vista, Paradise Valley and other sections of the county. From Escondido the line will be extended northward to Santa Ana, where connection will be made with the long-distance service for Los Angeles. Charles E. Sumner has been elected president of the local company.

Now that Capt. Sehon has been elected Mayor the question is whether the City Council of nine members will stand behind him in the various reforms which he has promised.

Resolutions have been adopted by the National Association of Clothiers, which is representative of the second largest manufacturing industry in the country, now in annual convention at New York, to boycott all retailers who unjustly cancel orders or return goods.

NO CURE, MORE DEATHS.

Ravages of Cerebro-spinal Meningitis Cannot be Stopped by Use of Diphtheria Anti-toxin.

(BY THE ASSOCIATED PRESS—A.M.)
NEW YORK, April 6.—Experiments carried out at Gouverneur Hospital in this city have resulted in the decision by the medical staff that there is no hope of establishing a cure for cerebro-spinal meningitis by the use of diphtheria anti-toxin. After trials from January 20 to date it was found that a death rate of the same percentage prevailed as last year, and the anti-toxin was not used.

Meantime, the epidemic continues its spread through all the territory within 20 miles. There were eighteen deaths Wednesday in Greater New York. Between Saturday noon and the same hour Wednesday, there were forty-seven deaths in Manhattan, against forty-six in the four days of the previous week. Since Saturday noon, there have been seven deaths in the Bronx, against four in the entire week previous.

In Brooklyn, the epidemic is on the decline, temporarily at least. There have been only ten deaths there since Saturday.

Two deaths were reported Wednesday in Jersey City.

NEW CASES IN CHICAGO.

(BY THE ASSOCIATED PRESS—A.M.)
CHICAGO, April 6.—Five new cases of cerebro-spinal meningitis of the malignant kind have been found in Chicago.

The Solid Steel Tube and Forge Company of Tarentum, Pa., which recently went into the hands of a receiver, resumed operations yesterday.

AT THE CITY HALL.
TO TEST TREE-PLANTING ACT.
COMMITTEE WILL MAKE BID FOR FIRST CONTRACT.
Nurserymen Profess to Doubt the Validity of State Statute—Sunset Boulevard Improvement Association to Beautify Thoroughfare on District Plan.
What is the matter with the State law providing for the establishment of assessment districts for planting and caring for shade trees in streets and highways?
This is the question which the Sunset Boulevard Improvement Association has propounded to the City Attorney and to the owners of local nurseries. The association has complied with all the provisions of the State law for securing the planting of shade trees in shade trees, but the nurserymen fail to respond to advertisements to bid for performing the work. Granting a majority petition from the property owners along the boulevard, the Council has twice advertised for bids for converting the now barren highway into a tree-lined avenue. Each time there have been no bids received. City Attorney Mathews, in response to inquiries from property owners, has given the opinion that the law is a valid one; the law itself has stood for years unchallenged on the statute books, yet nurserymen are seemingly aware that they would not be able to collect the assessment bonds in case they secured a contract.
Yesterday a committee of property owners living on Sunset Boulevard called at the City Attorney's office to learn what, in their opinion, would be necessary for them to do in order to plant shade trees themselves and still perform the work under a State statute.
The result of the conference with the City Attorney is that the Committee will probably submit a bid for planting and caring for the trees as provided for in the State law. If the committee contract they will submit the work to some nurserymen and pay him cash when the trees are planted.
The object of the tree-planting act is to secure a uniformity of trees along a thoroughfare and to secure an unwilling minority to join with the majority in improving a street.
In order to plant a street to shade trees under the statute, property owners living on a street must first petition the Council to pass an ordinance of intention to improve the street by planting shade trees and maintaining them for two years. While the Council is considering this petition other property owners have the right to go before the Council with a protest against the improvement. If the protest is successful a majority of the Council can at its discretion advertise for bids for planting the trees. The contract must be let to the lowest responsible bidder. He must not only plant the street in trees but he must water and care for them for two years, or receive one-half his pay when the trees are planted. According to contract, one fourth in one year and one fourth in two years.
The cost of the improvement is assessed against the abutting property, the same as costs for grading and the gravelling.
A number of other improvement actions are awaiting the result of the petition for shade trees on Sunset Boulevard. If it results in securing the trees, similar petitions will be filed in the First, Fourth, Fifth and Ninth Wards.

AUTO SPEED LIMIT.
COUNCIL MAY REDUCE IT.
The Legislative Committee of the Council yesterday morning recommended the passage of an automobile speed ordinance, which in direct opposition to a statute passed by the recent State Legislature.
The committee recommends a speed limit of eight miles an hour for the business section, with a provision that an automobile must not pass a standing car at a rate of speed greater than four miles an hour.
The State statute places the maximum speed limit at ten miles an hour in the business section.
City Attorney Mathews has expressed the opinion that the State law is defective. The passage of this ordinance will probably result in a test case of the automobile speed ordinance in the Supreme Court.
Councilman Smith, chairman of the Legislative Committee, advocated the adoption of more stringent restrictions on speed than those provided in the State statute. "Eight miles in the business section is fast enough for any car," he said. "The lives of our citizens are of more importance than the pleasure of these automobile touring parties."
Councilman Healy of the Eighth Ward was of the opinion that the right of jail sentence is about the only punishment for the speed violator. The charge-wagon is not popular in his bailiwick, and his constituents would like to see the chauffeurs doing stunts on the rock pile. There was a division of opinion. Chairman Smith's ward is the recognized

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

REDONDO.

PIONEER THOMAS DIES.

REDONDO, April 6.—William Thomas, a pioneer of this town died last Friday evening by falling over a railing, a distance of twelve feet, to a cement pavement.

Mr. Thomas was severely injured by the fall, having his right leg broken between the hip and knee, and receiving internal injuries which with his advanced age, told against him.

He was born in Massachusetts in 1828. He leaves a widow, Mrs. Charlotte Thomas, and four children by a former wife, Frank and Fred Thomas, of San Jose, Mrs. Julia Street of San Francisco and William Thomas of Monterey.

Arrangements have not been completed for the funeral, the family waiting for the arrival of one of the sons from San Jose.

RANCH HAND HURT.

George Williams, employed on the P. S. Venable ranch, about two miles from Redondo, had his head badly lacerated yesterday while necessary in the taking of five stitches. He was kicked by a mule. The unfortunate man was brought to the beach for treatment. His injuries, although very painful, will not prove serious.

CURVED BEACH EDDIES.

The school election will be held at the schoolhouse tomorrow to elect one trustee to fill the vacancy of term.

The steamer Alcazar arrived from Eureka yesterday with 232,000 feet of lumber for the Montgomery & Mullen Lumber Company.

The steamer Monica arrived from Gray's Harbor with 300,000 feet of lumber for the Gansahl Lumber Company.

The schooner Melrose was towed to the beach yesterday by the tug Redondo after discharging a cargo of ties for the Santa Fe.

The schooner Mary Winkelman was towed to the beach yesterday by the tug Redondo after discharging a cargo of ties for the Santa Fe.

GLENDALE.

NEW BANK COMING.

GLENDALE, April 6.—The First National Bank of Glendale is being incorporated, with a capital stock of \$25,000. It will be located in the new two-story brick building to be immediately erected on the corner of Brand boulevard and Fourth street, Glendale.

The incorporators are Herman W. Helfman, W. H. Holliday and Percy Wilson of Los Angeles, and L. C. Brand and Charles T. Page of Glendale.

Ellis Ayers and William Witham have drafted a petition for a two-story artificial stone building on the corner of Third street and Glendale avenue. It will cost between \$600 and \$800.

The managers of the Glendale Sanatorium will erect a forty-room hotel to be used as a guest house for the sanatorium. The building will be five stories high and will be sufficient for the number of people seeking accommodations.

Ten new cottages have been begun here in the last week.

The people along Verdugo road and the syndicate which they are offering documents to have the Fourth street branch of the electric road extended to Verdugo road, and north along Verdugo road to First street. This would be a distance of about 3000 feet, and would only be one and one-half miles from the terminus of the road.

Where the people are willing to pay a liberal bonus to induce the company to extend its line there. E. D. Goode and Dr. Gossman have presented the matter to Chief Engineer Pillsbury of the Pacific Electric, who will submit it to Mr. Huntington.

The citizens of North Glendale and Burbank have succeeded in securing a bonus of \$100,000 for the right of way for that proposed extension. The electric company demanded \$20,000.

CATALINA ISLAND.

ENTERTAINING WITH GOLF.

AVALON, April 6.—Capt. W. H. Burnham and wife, who are entertaining a house party at the "Chalet," gave a golf handicap tournament yesterday. Those participating were: Wilson, Burnham, Ely, Rich, Richards, Ruth Wilson, Ruth Furbush, Grawford, Ruth Gorie, Messrs. Ralph Burnham, Sydney Smith, Ted Merriam, George Merriam, Will Burnham, Emil McAfee, Ted Merriam, who played from scratch, was the winner, having a score of 46, Miss Richards second.

Mr. and Mrs. Patrick Cuddey of Milwaukee are spending a few days on Catalina.

J. R. Jones and Miss Iva Lee and C. R. Strack and wife are a party of Salt Lake people at the Grand View.

Liscombe Searelle, who, in collaboration with Ella Wheeler Wilcox, wrote the story of "Kilgus," with his secretary, a guest at the Grand View, expecting to remain for several weeks.

Capt. George N. Cornell, now a resident of Pasadena, but formerly well known here, as the intrepid skipper of the Mascot, doing stunts with his little boat in weather that would appall the weathered sailor, was married Tuesday in Los Angeles to Miss Josephine Moll, daughter of F. J. Moll of Avalon.

AZUSA.

TALK COW AND CROPS.

AZUSA, April 6.—Today's session of the farmers' institute embraced the following features:

"Puffed Oranges," Kenneth M. Lennan, "Highway Commission," A. P. Griffith; question box, by Prof. H. J. Cook; Mrs. Mina E. Sherman, on "A Chapter of Experience," "Mistakes in Orchard Culture," Prof. J. Cook; "Aeration of the Soil," E. O. Kennard. For the evening, C. C. Teague gave a paper on the "Citrus Orchard," and Mrs. Mina E. Sherman was heard on "The Family Cow." H. D. Briggs read a paper on "Care of the Orchard."

LONG BEACH.

GETTING JOINERS' SENTIMENT.

LONG BEACH, April 6.—A meeting of citizens of Alamitos was held last night to discuss the best method to pursue relative to the saloon invasion of that territory. Rev. M. H. Plumb presided. The sentiment of the meeting was very much divided over the subject of annexation to Long Beach or separate incorporation. Three residents of the section, Messrs. F. W. Steves, J. McCaslin and James C. Cleveland, were appointed a committee to circulate a petition to ascertain the sentiment of the people on the subject of incorporation.

SANATORIUM PROJECT.

A group of investors composed mostly of Long Beach men has purchased of J. C. Jents the old Guadalupe ranch of 3000 acres, nine miles east of Ocean. The company organized by the purchasers proposes to provide a sanitary home for consumptives and semi-invalids. The erection of a large number of cottages is contemplated. A small hotel and other accessories are also in prospect.

The first board of directors will consist of Dr. E. C. Buel of Los Angeles and Dr. L. A. Perce, Dr. W. H. Newman, C. J. Walker, I. S. Watson, J. A. Miller and L. S. Hance, of Long Beach. Work is to begin as soon as possession can be secured from the present tenants.

LONG BEACH JOBS.

The opening of Long Beach's public sun parlor on the outer end of the wharf today was devoid of any unusual features. The Marine Band, headed by the Marshal and city officials, marched out on the pier, followed by a large number of citizens. The opening session of the band fully demonstrated the perfect acoustic qualities of the new building.

The Y.M.C.A. has perfected its organization, and elected the following directors: J. S. Watson, Stephen Eastbrook, W. F. Pascoe, C. A. Buffum, W. L. Porterfield, F. C. Yeomans, C. J. Walker, D. M. Cate, Stephen Townsend, C. L. Hartwell, George Hart, Four in a number of cases, oil delivered to the new building has been subscribed.

HOLDING TO CONTRACT.

Associated Oil Company is Rejecting Some Independent Oil Because of Expenses of Impurities.

The Associated Oil Company is enforcing strictly the requirements of its contract with the Independent Agency as to water and sand and has been rejecting all oil offered containing more than 2 per cent. of impurities. The standard set at Kern River was formerly 4 per cent. and it is being claimed that there was a verbal understanding with the combine that 1 per cent. would be acceptable. In a number of cases, oil delivered to the Associated's tanks, has been pumped back into the producers' reservoirs.

There is such dissatisfaction over the action of the Associated in storing oil at the rate of 3000 barrels a day that some of the producers, it is said, have offered to pay the storage charge of 2 cents to get their oil disposed of but the offer has been refused by the Associated.

The new directors of the Agency and the companies represented are as follows: E. E. Jones, Lackawana; A. H. Lacombe, Vista; J. F. Lacey, Interprise; W. S. Morton, Morton & Ritchie; C. B. Ritchie, Potomac; W. B. Robb, Nevada County; H. A. Jastro, Colaba; William Ely, Sterling & W. E. W. Maricopa; F. W. Schofield, East Puente; M. V. McQuigg, Euclid; T. Early, Amador; J. Kerr, Revenue; A. J. Wallace, Grove; J. W. Mason, Alcides; William Mean, May; C. J. Jones, Perseus Lease.

BETTER OFFER.

A local oil man with interests at Kern River yesterday stated that his company, which refused to enter into the 18-cent contract and has its properties mostly shut down, has just declined an offer of \$15 cents a barrel for 1,000,000 barrels for the reason that the time required for delivery of such an amount would be a great period when better prices are looked for.

TO SELL MEXICAN OIL.

E. L. Doheny, president of the Mexican Petroleum Company, has gone to Mexico City for the purpose of witnessing final tests of the Ebanco oil by the Mexican Central railroad and closing the contract for fuel. On his return from Mexico he will go East to meet the highest officials of the company.

THEY PUZZLE POLICE.

Young Roberts Girl and Her Companions are Enigmas—The Three are Held.

Florence Roberts, the girl caught masquerading in men's clothes on Center street, and her companion, C. C. Coffman of No. 428 Ruth avenue, are something of enigmas to the police. Yesterday Detective Craig and Sergeant Rose, who arrested the strange pair, took Ed Wilson, Coffman's pal, into custody also. Wilson lived at the Ruth avenue house, and in his room the clothing of the Roberts girl was found. Wilson is a teamster. He came here two weeks ago from Colorado, where he went by the name of Arthur Hart. Wilson knows all knowledge of the strange doings of the Roberts girl and her companion.

Though young in years and innocent appearing, Miss Roberts is believed to possess a bad record. She had been living with Coffman, the police said, and she told conflicting stories. At first she said her parents lived in San Francisco; then she said they lived in Colorado; and she said she was going to San Bernardino to see some relatives, but all of her statements the officers discredited.

Coffman is suspected of having been implicated in several hold-up jobs. Both he and Wilson will be held until their records can be fully investigated. The Roberts girl will probably be tried today on a charge of donning male attire.

MURDER, SAYS JURY.

Grover, the Dishwasher, Charged With the Death of George Storm.

A coroner's jury decided yesterday afternoon that George Storm, the restaurant-keeper at No. 423 1/2 East Fourth street, was foully murdered. Grover, or Stoddard, a dishwasher formerly employed by Storm, is charged with the crime.

Mrs. Storm was the principal witness at the inquest. She testified to practically the facts printed about the hold-up and robbery of Storm Sunday night. She found her husband lying dazed at the back end of the little restaurant, and Grover missing.

Grover, who sometimes went by the name of Stoddard, worked for Storm about two weeks. He was a hobo and Storm gave him work through pity. No trace of Grover has been found. The accidental death was the verdict at the inquest over the remains of R. E. Ford, the lineman, who was killed by a Vernon car on Central avenue Wednesday night. The street railway company was held blameless.

POINSETTIA MUSICAL.

The poinsettia musicale, arranged as a benefit for the Home for Homeless Boys, was given in Simpson Auditorium last evening before a rather small but nevertheless heartily enthusiastic audience. The programme was of unusual excellence, containing many numbers of merit seldom heard in a local concert. On the list scheduled by the management of the affair appeared the names of Mrs. Mary Linck-Evans, contralto; Olga Steeb, the talented little pianist; Ernest Reginald, Leeman, tenor; Miss Mollie R. Wilson, contralto; Alfred Walper, violinist; Sydney Ash, whistler; John Wood, cellist; C. L. Buratti, cornetist, and the Poinsettia Trio. The auditorium was prettily decorated.

The Spanish Council of State has decided in favor of the creation of free ports in the Canary Islands.

BEAUTY REAPS THE WINDOW.

Monrovia Shocked by Actions of Fair Stranger.

Wife Seeking Divorce Finds Her in Home.

Scion of Noted Family is Involved in Affair.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

MONROVIA, April 6.—From an eight-foot window in the handsome Cutter home today a beautiful Los Angeles woman precipitated herself to the ground, after precipitating a divorce suit which Mrs. Cutter was contemplating—the defendant in the case being E. Kendall Cutter, grandson of Amos Kendall, Postmaster-general of the United States under Martin Van Buren.

E. Kendall Cutter took the 1 o'clock car for Los Angeles this afternoon from the business section of Monrovia. His wife, who had been six weeks in a Los Angeles hospital, reached the suburbs of Monrovia just about the time that Cutter was starting westward to her.

Mrs. Cutter wished to see her husband. Yesterday she had prepared papers in a suit for divorce on the grounds of intemperance. Cutter, a fair looking, well educated fellow when he is rightly approached, is said to be worth in the neighborhood of \$100,000. Mrs. Cutter wanted a divorce with him prior to serving him with the papers which Attorney James of the District Attorney's office had brought with him to the local office.

FINDS FAIR STRANGER.

But fate foiled all the plans. Mrs. Cutter went direct to her home on Mayflower avenue, from which she had been removed on a stretcher weeks before. She found—found not her recalcitrant, tipsy husband, but a handsome woman who, it is said, came yesterday immediately all was excitement. Flanked by friends of Mrs. Cutter's who rallied to her support, the fair unknown woman slipped to the porch roof, and was lowered to the ground and probably took the Los Angeles car.

Exasperated beyond expression by the situation, Mrs. Cutter telephoned for a car and drove to her home. She wanted the woman removed from the house. The woman was perhaps perfectly willing to leave, but she would not afterwards prove, but she would not emerge from her barricade of strong oak doors and barred her to leave. Unwilling to face Mrs. Cutter, she escaped through a window on to the porch roof, and was lowered to the ground and probably took the Los Angeles car.

Meanwhile, Cutter was searched for. His lawyer, engaged on the spot, intimated that he should not talk, and Cutter only escaped his surveillance to say:

"I am thinking of a little girl baby just three and a half years old. No, I have not ever married a woman. I am a bachelor. I am a bachelor. I would stand better in property if this had not happened."

MONROVIA SO SHOCKED.

E. Kendall Cutter, who might in a larger community have been considered amusingly erratic or eccentric, has shocked Monrovia profoundly. His friends here for several weeks in Los Angeles. His wife was taken to the hospital six weeks ago he has been setting a terrible pace in the consumption of alcohol. He has made a great many of unscrupulous companions. He was asked by the city officers to keep quiet times at his house, a request which he treated respectfully.

HIS OWN WAKE.

One of his mild escapades was celebrating his own wake. "Poor Ned is dead for six days, walk in and look at the corpse," each guest was greeted with the wail. The wake was celebrated in due form beside a table draped as a bier, with lighted candles all around.

The marriage of the cutters was a romantic affair. Cutter was attending Columbia University. He met Mrs. Cutter in a social gathering. They were young, headstrong, and married without parental approval, and that security. Ed Cutter, senior, wished to wear him from Anne, whom he believed to be merely his sweetheart, and offered him a trip to Europe if he would cut off his association with her. He agreed to do so. He went to Europe, enjoyed himself and upon his return renewed his intimacy with his wife, to the dissatisfaction of the family. They asked him if he would not take a trip to California. This bribe he also accepted, and came here to the home of his aunt, Mrs. Jennie Kendall Stickey. Finding herself again alone, the young Mrs. Cutter went to her parents' residence and disclosed their relations. The father was unrelenting. He was a stern, senior, sent the young woman to her husband. After they reached here they appeared happy enough.

Cutter's mother died and his father held and controlled her estate, paying to E. Kendall Cutter \$500 per month for pin money. Then Cutter senior died and the estate was divided up. Mrs. Jennie Kendall Stickey also left Ned Cutter a small fortune upon her demise.

There seemed no reason why a couple who had early manifested such entire devotion should not be happy. But Cutter's peculiarities furnished always a ready excuse for disagreement. It is believed.

Today Cutter was apparently dumfounded at his wife's action. Any inquiry Cutter might have expected from her in Pasadena, he said, was averted by her unfortunate meeting with the handsome stranger from Central avenue. When he saw a Jap cook and Hollandaise garden seem to have held possession of the GRANDFATHER HELPED MORSE.

Cutter's mother was a daughter of Amos Kendall, to whom issued much of the stock of the Western Union Telephone Company. He was one of the first backers of Morse, when his invention came before his personal friends.

LINING REMNANTS

12 1/2c and 15c **7 1/2c**

Twenty-five hundred yards of 36 inch percales, silicas, and glass cloth, in serviceable mill lengths, and in desirable colorings.

Sale of Embroidery Strips

Positively Values Up to 50c, at Per Yard **10c**

Every woman understands what embroidery strips are—the short trial pieces made in every factory; this particular lot range in length up to 6 yards, and widths up to 16 inches; are of fine Swiss, cambric or muslin, in edges, insertions and beadings, open and close patterns; also scroll and floral designs. Just about enough in each piece for trimming one skirt.

Remnants 75c, \$1 and \$1.25 Silks 50c

New Weaves, Serviceable Lengths Per Yard **50c**

An assortment of plain and fancy silks, 1/2 to 15 yards each, consisting of plain and fancy taffetas, foulards, satin, shirt waist suit silks, plaids, pongees, also stripes, checks and overshot effects, in taffeta and louisene weaves; and a number of black silks; every piece perfect; widths 19 to 27 inches.

Full Dress and Tuxedo Suits

\$32.50 to \$42.50 Values at **\$16.95**

This sale has created the furor in the local clothing world that we knew would happen, for instead of holding up customers for \$32.50 to \$42.50 for a full dress or Tuxedo coat and vest only, we are offering full dress suits at just about half value. The materials are vicunas, bird's eye chevots, and crepes. The full dress suits have broad shoulders, perfectly balanced skirt, pointed lapels, silk faced, and are lined with fine Venetian cloth or Italian serge. The tuxedos are full silk lined, with long roll collar, faced in heavy grosgrain silk; sizes range 33 to 48, for regulars, slims and stouts. You possibly will never have an equal chance to secure such worthy merchandise at such a small price. The sale will be continued Friday and Saturday, at choice.

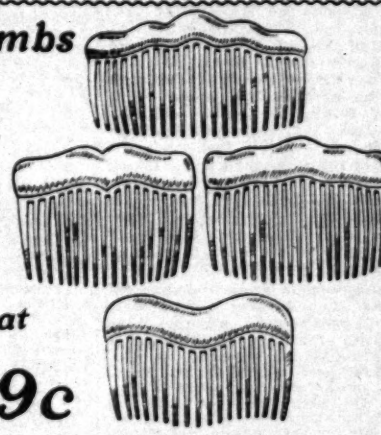

Another Great Sale of Combs

Priced so Low You Can Afford a Full Supply

We recently featured a large lot of combs, that for real bargains in this class of merchandise were picked up readily by the public. Now, we have a larger and better lot, that will be featured for this sale; they are hand-finished, the product of one of the largest factories, and were purchased by our New York office at generous price concessions, as the manufacturer did not wish to throw the merchandise upon the eastern market in competition with goods sold by him earlier in the season to the large representative houses.

Combs up to \$1.00 Priced at

They are in shell, white and amber, in Barrette's side and back combs; small, large and medium shapes, and every one is perfect. They will be on sale Friday and Saturday while they last, at choice **19c**

New Embroideries and Laces 5c

Positively Values Up to 35c at **5c**

An assortment of embroideries, insertions, beadings and appliques, in Swiss, cambric and muslin; also laces in net top, point de Paris, edges, galloons and bands; Cluny insertions and edges; point Venise bands, appliques and edges; and Chantilly edges and galloons, are in widths up to 6 inches; are in black, white, cream, ecru and Arabian.

\$1.00 LIBERTY SATIN

8 to 12 A. M. **50c**

24-inch, all-silk satin liberty, soft finish, in good colorings, also white and black; has satin finish face and pure silk back.

WOOL SUITINGS

\$1.50 Value At Per Yard **69c**

56-inch fancy mixed wool suitings, mixed colorings in broken check and plaid patterns, fancy mannish stripes and Scotch effects, are in homespun weaves and weights that require no lining.

MOHAIR SUITINGS

75c Value Per Yard, at **59c**

Siellian weave mohair, crisp, lustrous finish; both sides alike; colorings navy, brown, tan, red, gray, green and black; full 50 inches wide and positively worth 75c.

PONGEE SUITING

\$1.00 Value **79c**

The new Rubaiyat pongee suiting, 27 in. wide, rough natto weave, in all the popular colors; also natural cream and black; strictly pure silk.
